COMPANY OVERVIEW

Reach Incorporated

We are an established Enterprise working in the field of Orthopaedic Rehabilitation Goods. We have curated performance oriented braces which we manufacture and market widely across India.

Set with a Goal to provide high-quality non-surgical rehabilitation to people, we have over 300 products spread in different Brands.

We also bring to consumers international leaders in orthopedics and orthotics industry by representing them in India. These include various brands like McDavidUSA, Vasyli Medical, Dr.Comfort ,etc.

Brands

McDavid USA

McDavid products support and protect key body areas, enabling ease of movement while maintaining a strong level of protection.

Vasyli Medical

VASYLI Medical brings custom heat-moldable orthotics, designed together by few of the world's leading biomechanics experts. Vasyli has revolutionized medical orthotics.

Dr. Comfort

Dr. Comfort is the worldwide leading provider of diabetic footwear. The line includes diabetic shoes, prescription and non-prescription inserts, diabetic socks, slippers, sandals and compression hosiery.

Why Reach Incorporated?

Within a span of 15 years, Reach has grown to become one of the top names in India for Orthopedic appliances with dealers spread across the country. This has been possible because of our emphasis into R&D for home-grown brands and extensive educating and marketing efforts for representing brands.

At Reach, we firmly believe that one should “Live. Pain Free.”, which is why we have extensively collaborated with the medical fraternity and partnered with industry experts over the last 2 decades to deliver products which are performance oriented as well as relevant with the changing times.

Dr. J Maheshwari, one of India's most celebrated orthopaedic surgeons bestowed his trust on us to develop and market his portfolio of Knee & Shoulder braces.

Brands

Relief™

Relief is the country-wide leading provider of Foot Care and Ergonomic supports

NeoFit™

NeoFit offers a tremendous variety of Engineered Elastic products, each designed to offer a targeted level of performance.
